WHY SMA?

SMA is committed to driving Australia's transition to clean, renewable energy for a sustainable future for generations to come.

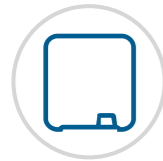

#1

European PV inverter manufacturer brand. With its German engineering and design, SMA is the chosen inverter brand for the Australian solar market*.

38 YEARS

experience, making SMA the world's longest servicing solar inverter manufacturer.

75GW+

installed inverter capacity worldwide. That is enough to close down all of Australia's power stations, twice over - never needing to rely on fossil fuels again.

>750,000

SMA inverters already installed across Australia alone, producing more than 35% of all solar electricity in the country.

100%

of SMA inverters are comprehensively tested before leaving the factory to ensure reliable operation for the life of the inverter.

*PV Inverter Market Tracker/Q1 2019, IHS

In 1999, SMA was the chosen solar inverter manufacturer for the Sydney Olympic Park solar project.
